Please read the following conditions before signing in the space provided on this form

Any personal information provided will be used by Cloncurry Shire Council for the purpose of construction of new connections.

Approval condition

The following conditions apply to the Cloncurry Shire Council connection applications:

- Installations are subject to Cloncurry Shire Council standards.
- Plans are valid for 12 months from the approval date.
- Work sites must be clear of obstructions at the entrance.
- All lots must be clearly marked with property pegs.

Cloncurry Shire Council

FRM – IE5023-01

- The property owner must grant Cloncurry Shire Council permission to enter the property to undertake the requested works.
- Additional charges may apply if unforeseen site conditions, such as rock or ground water, occur or if incorrect information is provided by the applicant.
- Additional charges may also apply if the final development conditions approved by Cloncurry Shire Council conflicts with the applicant’s original request.

Conditions specific to water connection applications

- For road crossing installations, standard water connections and water meter installations for 20mm to 50mm diameters will be installed in direct alignment with the water service conduit.
- Standard connections and water meter installations must be installed 500mm to 800mm from the property boundary (the left or right boundary when facing the property while standing in the street) on the side nominated by the applicant.
- A hydraulic plan showing the exact location of the water connection and water meter must be submitted by the applicant for all multi-residential and commercial developments.
- A hydraulic plan is not required for single residential developments.
- Cloncurry Shire Council must be granted access to the land for the purpose of effecting any necessary alterations or repairs to the water connection or water meter.
- Cloncurry Shire Council may shut off the water supply, without notice, for as long as deemed necessary in order to carry out repairs, alterations or addition to the water supply system.
